Determination of Customs Values of Soft & Hard Sawn Wood
Under Section 25-A of the Customs Act, 1969

917
(VALUATION RULING NO./ 2016)

No. Misc/06/2007-III

Dated: August 26th, 2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Soft & Hard Sawn Wood are determined as follows: -

2. **Background of the valuation issue:** Customs value of Soft & Hard Sawn Wood was determined vide Valuation Ruling No.671/2014 dated 31.03.2014 followed by Corrigendum dated 16.04.2014. Since the above Valuation Ruling was considerably old and needed revision and in the light of orders of Honorable Sindh High Court in CP 6918 dated 10.11.2015, an exercise was undertaken to re-determine the customs value of the subject goods under Section 25A of the Customs Act, 1969 keeping in view the international price trend.
3. **Stakeholders' participation in determination of Customs values:** A meeting with stakeholders was held on 24.08.2016 which was attended by commercial importers including office bears of Karachi Timber Merchants Group (KTMG). The commercial importers requested for downward revision of value keeping in view the decline in international prices of the commodity. They also requested that value of Russian origin soft wood should be at par with that of Europe on the grounds of similarity of wood and proximity of region(s). All the participants were requested to provide relevant import documents, Sales Tax invoices and proposed workings in support of their contention. However, none of the participants submitted the requisite documents except the Karachi Timber Merchants Group (KTMG) who provided a working proposal/recommendations which has been considered in determination of the instant valuation Ruling. Stakeholders feedback, written as well as oral, during the meeting is available on record and has been given due consideration while determining the value for Soft & Hard Sawn Wood.
4. **Method adopted to determine Customs values:** Valuation methods provided under Section 25 of the Customs Act, 1969 were followed to arrive at fair value of Soft & Hard Sawn Wood. Transaction value method provided in Section 25 (1) was found inapplicable because the requisite information was not available. Identical / similar goods value Methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in the prices. Thereafter, market enquiry as envisaged under Section 25(7) of the Customs Act, 1969, was conducted. The findings

of market enquiry revealed upward trend for most of the types of Soft & Hard Sawn Wood available in open market along with price variations. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the goods are natural product. Keeping in view all the factors and after carefully analyzing all the information from different sources and input provided by the stakeholders and Karachi Timber Merchants Group (KTMG) during the meeting customs values of subject goods were determined under Section 25(9) of the Customs Act, 1969.
