**Determination of Customs Values of Stationery Items Under Section 25-A of the Customs Act, 1969**

(VALUATION RULING NO. 961 / 2016)

No. Misc/06/2009-VIII(B)/IX | 9816

Dated: November 11, 2016

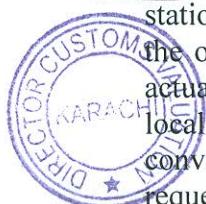

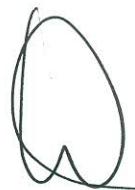

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Stationery Items are determined as follows: -

2. **Background of the valuation issue:** Customs values of Stationery Items were earlier determined through Valuation Ruling No.868/2016, dated 09-06-2016.Meanwhile, representations have been received from importers and the representative association of the importers with request that the Valuation Ruling is over 90 days old that it was issued without considering the prevailing prices in the international market. They have requested that the Valuation Ruling may be revised in the light of prevailing prices in the international market. Therefore, this Directorate General initiated an exercise for determination of customs values of Stationery Items.

3. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders was held on 27-09-2016. The Association and importers were also requested to furnish the following documents before or during the stakeholders meeting:-

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. A number of stakeholders attended the meeting. The local manufactures, Pakistan Stationers Association, Karachi and representative of different importers participated. The local manufactures stated that generally the values correctly reflect the international prices of the stationary items but also expressed that certain items have been determined on higher side. On the other hand, importers agitated that the current determined values are much higher than the actual international prices and asserted that values determined on the basis of feedback from the local manufacturers would not reflect true picture and stated that costs of raw materials and conversion costs in Pakistan are much higher than the other countries, especially China and requested to provide level playing field. They also requested that while conducting market

surveys, prices of stationary items may be obtained from the whole sale market. No documents or evidences as requisitioned were submitted during or even after the stakeholder meeting. The importers were specifically asked to submit their sales tax invoices of past few months but they abstained from submitting any such document. However, some importers submitted a few import invoices. Moreover, the Association submitted the proposed customs values without supporting any corroboratory evidence/document through Karachi Chamber of Commerce & Industry, Karachi vide letter No.C&V/CORG/2016/4926, dated 04-10-2016.

**5. Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs value of Stationery Items. Transaction value method provided in Section 25 (1) was found inapplicable owing to wide variation in the values being declared to the customs and incomplete descriptions. Identical and Similar Goods valuation methods provided in Sub-Sections (5) and (6) of Section 25 of the Customs Act, 1969, provided some reference values but could not be relied upon due to wide variation in the items and different prices were being declared for similar and identical items. Thereafter, market enquiry as envisaged under Section 25 (7) of the Customs Act, 1969, was conducted; therefore different markets were surveyed for this purpose. Online prices were also obtained to corroborate the findings of the market surveys. Computed Value Method as provided in Section 25 (8) could not be applied for valuation of the aforementioned goods as the cost of raw material and fabrication charges under clause (a) and amount of profit and general expenses under clause (b) of Section 25 (8) of the Act, in the country of export, could not be ascertained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values. Consequently, the Customs values of different types of Stationery Items have been determined under Section 25 (9) of the Customs Act, 1969.

**6. Customs values for different types of Stationery Items:** Different types of Stationery Items, *hereinafter* specified, shall be assessed to duty/taxes at the Customs Values mentioned against them as per Annexure-A (Page:01 to 06).

7. In cases where declared/transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the element of air freight while assessing the goods.

**8. Validity of this Valuation Ruling:** The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

**9. Revision of the value determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7<sup>th</sup> Floor, Custom House, Karachi.

10. The Collectors of Customs may kindly ensure that the values given in this Valuation Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of this Directorate General immediately. Customs values determined in the ruling are for the description and specification as mentioned in the Annexure to this Valuation Ruling. HS Codes are mentioned for illustrative purposes so that valuation ruling values are made accessible to the assessing officers. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to importability or any other certification required thereon. In addition to this, it is further necessary

to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969 or any other law in vogue therein.

11. *This Valuation Ruling supersedes Valuation Ruling No.868/2016, dated 09-06-2016.*
