**Determination of Customs Values of PVC Transparent/Clear and Printed Flexible
Sheets and PVC Cling film under Section 25-A of the Customs Act, 1969.**

No Misc/07/2010-II

Dated 02.02-2017

(VALUATION RULING NO. 1028 / 2017)

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film are determined as follows:

2. **Background of the valuation issue:** The customs values of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film were earlier determined vide Valuation Ruling No. 862/2016 dated, 02-06-2016. Representations were received from commercial importers, for determination of customs value of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film afresh. Hence, existing valuation ruling which is over six month old is required to be revised in the light of honorable High Court of Sind, at Karachi's orders dated 10.11.2015 in Constitutional Petition No. D- 6918/2015. Since 90 days have passed and representations were received from commercial importers regarding values determined in afore mentioned valuation ruling, an exercise was initiated to re-determine the values of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film in the light of international price trend, in terms of Section 25-A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of Customs values:** Meeting with all the stakeholders including importers and representatives from clearance Collectorates, was held on 21-12-2016 to discuss the current international prices of the subject item. The commercial importers stated that the prices of subject items are showing down ward trend in the international markets. The view point of all participants was heard in detail and considered to arrive at Customs value of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly followed and applied sequentially to address the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section 25 was found inapplicable because it is generally known to all that majority of invoices produced at import stage are manipulated/fabricated and hence the requisite information required under the law was not available to arrive at the correct transaction value. Identical / similar goods value method provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to determine Customs value of subject goods. this data provided some references, however, it was found that the same cannot be solely relied upon due to the absence of absolute demonstrable evidence of qualities, and quantities of commercial level etc., and also it was observed that importers usually provided misleading description while

declaring goods, as other types and varieties of similar goods to avoid the application of valuation ruling. Information available was, hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted a market inquiry using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969, however, it was found that the determination of Customs value could not be based solely upon this method either. Therefore, valuation method provided vide Section 25 (8) of Customs Act 1969, could not be applied as the conversion cost from constituent materials and allied expenses, at country of export were are not available. Finally, PRAL database, market information and international prices through Web were examined thoroughly. All the information so gathered was analyzed for determination of Customs Value of the subject good. Consequently, the Fall Back Method as provided under section 25(9) of the Customs Act, 1969 was applied to arrive assessable customs values of PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film.

5. Customs values for PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film: PVC Transparent/Clear and Printed Flexible Sheets and PVC Cling film *hereinafter specified* shall be assessed to duty / taxes at the following Customs Values :-
