Determination of Customs Values of PU Soles for Shoes
Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. **1034** / 2017)

No. Misc/05/2017-V

301

Dated: February 6th, 2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of PU Soles for Shoes are determined as follows:-

2. **Description of the valuation issue:** The Customs values of PU Soles for Shoes were circulated vide VDB letter No.158 dated 10.01.2017. It was deemed expedient to issue a Valuation Ruling hence an exercise was conducted to determine Customs values of PU Soles for Shoes in line with current price trend in the international market.

3. **Stakeholder's participation in determination of Customs values:** Stakeholders' meetings were scheduled on 31.01.2017 & 06-02-2017. The stakeholders were requested to submit the following documents:

- i. Invoices of imports during last three months showing factual value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during last three months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. No one appeared for the scheduled meetings nor any documents were received from any stakeholders which shows that the importers are disinterested in proceedings and values are considerably higher than their declarations and by keeping themselves absent, they may have created an alibi for being unheard.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed. Transaction value method provided in Section 25 (1) was found inapplicable because the requisite information was not available as per law. Identical / similar goods value methods provided in Section 25(5) & (6) were also not found helpful in determination of values due to wide variation in values. Consequently, market enquiries as envisaged under Section 25(7) of the
