DETERMINATION OF CUSTOMS VALUES OF POLYESTER FILAMENT YARN  
UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1049 / 2017)

File No. Misc/25/2013-VI

1421

Dated: 20 -02-2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969,  
Customs values of Polyester Yarn of different origins, are determined as follows: -

2. **Background of the valuation issue:** It was observed from import data that the international trading prices of Polyester Filament Yarn are on the higher side compared with the prices of old valuation ruling issued vide no. 928/2016 dated 19-09-2016. In this context, an exercise was initiated for fresh determination of value as per international market prices.

3. **Stakeholders' participation in determination of Customs values:** A meeting for the determination of customs values of Polyester Yarn was scheduled on 01-02-2017 and 10-02-2017. All participants were requested to bring the following:-

- i) Invoices of imports during last three months showing factual value.
- ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. The meeting was attended by office bearers of Pakistan Yarn Merchants Association (PYMA), Karachi and Filament Yarn Merchants Association (FYMA), Karachi. Commercial importers as well as local manufactures were present and the issues pertaining to the valuation of subject goods were deliberated upon in details and the representatives of these Associations were confronted with the working /calculations done by the Department. The manufacturers stated that the conversion costs from raw material to subject goods may be re-determined upwards as with passage of time, the cost of manufacturing of subject goods has increased, however, the importers insisted that over time new technologies have actually reduced this conversion cost. The manufacturers further contended that colored yarn of other

than "black dope dyed" yarn are not covered, the importers insisted that the difference of values due to different colors is nominal. Furthermore, the manufacturers insisted that the Cationic type of polyester filament yarn is of higher values and that the same is being cleared under the garb of normal polyester yarn and against lower than actual values.

5. **Method adopted to determine Customs values:** It is pertinent to mention here that the values of Polyester Filament Yarn had been determined by this Directorate General by taking into consideration the import clearance data of two important constituent raw materials of subject goods i.e. PTA and MEG, for past three months obtained from PRAL and value of PTA obtained from its local Manufacturers i.e. M/s. Lottee Pakistan (Pvt) Limited. Thereafter, the calculation is done by the Directorate General to arrive at unified average value of PTA. The average value of PTA and MEG so determined is run through the formula prescribed and circulated by the Board vide C.No.3(20)/TAR-I/90-Yarn, dated 07-04-2005 to arrive at the final determined price of Polyester Filament Yarn. Since this formula has been prescribed by the Board in consultation and consensus of all concern stakeholders, therefore the same is applied for Polyester Filament Yarn in terms of Sub-Section (9) of Section 25 of the Customs Act, 1969.

6. Accordingly, in order to determine the current value of the Polyester Filament Yarn and to find out as to whether the pieces of Polyester Yarn and prices of its constituents of Polyester Chain i.e. Purified Teraphthalic Acid (PTA) and Mono Ethylene Glycol (MEG) have increased as contended by Pakistan Yarn Merchants Association. (PYMA), Filament Manufacturers Association (FYMA), or otherwise, an extensive exercise has been done in the Directorate General to arrive at final determined value of the Polyester Filament Yarn. On the basis of the data / information collected and exercise conducted as per above detailed formula prescribed by the Board, the values of Polyester Filament Yarn have been determined afresh by this Directorate General.

7. **Customs values for Polyester Yarns:** Polyester Yarn of different specifications as specified below shall be assessed to duty and taxes on the assessable customs values specified therein.
