**Determination of Customs Values of Nylon Yarn Under**  
**Section 25-A of the Customs Act, 1969**

(VALUATION RULING NO. <sup>1270</sup> /2018)

No. Misc/03/2018-IV <sup>1324</sup>

Dated: March 15, 2018

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969. Customs values of Nylon yarn are determined as follows: -

2. **Background of the valuation issue:** There was a representation from Pakistan Yarn Manufacture Association (Pakistan), wherein they contended that value of subject item needs to be aligned with international values. They requested to determine the applicable custom values in accordance with the trend of values in the international market. Keeping in view the prevailing prices of the subject goods, this Directorate General initiated an exercise for determination of the Customs Values of the Nylon yarn in terms of Section 25-A of the Customs Act, 1969.

3. **Stake holders' participation in determination of Customs values:** Meeting for the determination of customs values of the Nylon yarn was scheduled on 15.03.2018. The stake holders were requested to provide the following documents:-

- Invoices of imports during last three months.*
- Websites, names and E-mail addresses of known foreign suppliers of the item in question through which the actual current value can be ascertained.*
- Copies of Contracts made / LCs opened during the last three months.*
- Copies of Sales Tax Invoices issued during last four.*

The meeting was attended by office bearers of Pakistan Yarn Merchants Association (PYMA), Karachi. The view point of the participants was heard in detail and considered to arrive at custom values of the subject good. The PYMA contended that their proposition of values of different types of Nylon Yarns accurately reflects international values. As and when, there are significant variations; they would themselves approach custom authorities for redetermination of custom values.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due wide variation of values declared to Customs. Hence requisite information required under law was not available to arrive at the transaction value. Therefore, identical / similar goods value method as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case but due to non submission of import

documents / values by the importers, the same could not be adopted for valuation. Information available was hence, found inappropriate. In line with the statutory sequential order of Section 25, this office conducted market inquiries using Deductive Value Method under Sub-Section (7) of Section 25 of the Customs Act, 1969 therefore, customs values of different types of nylon yarn are determined under Sub-Section (9) of Section 25 of the Customs Act, 1969.

**5. Customs values of Nylon Yarn:** Nylon Yarn of different specifications *hereinafter specified* shall be assessed to duty / taxes at the following Customs Values:-
