Determination of Customs Values of Menthol Crystals Under Section 25-A of the Customs Act, 1969.

No.Misc/06/2010-II

Dated: March 29, 2018

(VALUATION RULING NO. 12772018)

In exercise of powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Menthol Crystals are determined as follows:

2. **Background of the Valuation Issue:** Earlier the customs values of the subject Menthol Crystals were determined vide Valuation Ruling No.650/2014 dated 26.03.2014 which was later re-determined vide Order-in-Revision No.234/2016 dated 18-08-2016. There were several representations from importers, wherein they contended that customs values determined in the existing Valuation Ruling are not reflective of prices in international markets and need to be redetermined accordingly. Keeping in view the above, this Directorate General initiated an exercise for determination of the Customs Values of the subject items in terms of Section 25-A of the Customs Act, 1969.

Stakeholders participation in determination of Customs values: Meeting stakeholders including importers, representatives from Pakistan Chemicals and Dyes Merchants Association (PCDMA) and representatives from field formations was hald on 08.02.2018, to discuss the current international prices of Menthol Crystals. All the stakeholders requested that the values determined vide said Valuation Ruling and Order-in-Revision may be reviewed in the light of prevailing international market prices. M/s. A.O Enterprises stated that they were importing synthetic menthol crystal smoke grade from Singapore and are being assessed under the category of, "all other origins" goods and customs value determined for all origin is much higher than the value for India and China origin goods. They further stated that smoke grade called DL Menthol Crystal is different from other grades of Menthol Crystals, however, they could not disclose the parameters to verify through physical or chemical analysis to distinguish between DL Menthol Crystal smoke grade and other grades of Menthol Crystals. In the meeting the Pakistan Chemicals and Dyes Merchants Association also showed their inability to provide such parameter to differentiate between afore said grades. M/s Asad Corporation and M/s Multi Link also requested for the downward revision of the said Valuation Ruling. They emphasized that the international prices of menthol crystals have no doubt slightly increased as compared to the prices of last year, but still they are lower than the values already determined vide the said Valuation Ruling and need to be reviewed downward. The view point of all participants was heard in detail and considered to arrive at the Customs values of Menthol Crystals.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to arrive at

customs values of menthol crystals. The transaction value method provided in Sub-Section (1) of Section 25, was found inapplicable because there was wide differences in the declarations. Identical / similar goods value method provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods, but the same could not be exclusively relied on due to the absence of absolute demonstrable evidence of qualities, and quantities of commercial level etc., and also it was observed that some importers provided misleading description while declaring goods, as other grades and percentage of purity of similar goods to avoid the application of valuation ruling. Information available was, hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted market inquiries using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969. Consequently, the Customs values of Menthol Crystals have been determined under Section 25(7) of the Customs Act, 1969.

5. Customs values for Menthol Crystals: The Menthol Crystals hereinafter specified shall be assessed to duty / taxes at the following Customs Values:
