Determination of Customs Values of Uninterruptible Power Supply (UPS)
Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 1322/2018)

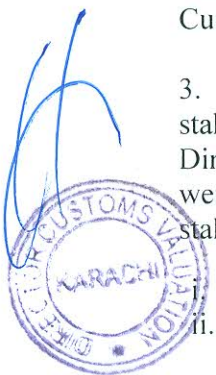

C.No.Misc/25/2013-VII/1267

Dated: 31st August, 2018

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Uninterruptible Power Supply (UPS) are determined as follows:-

2. Description of the valuation issue: The customs values of Uninterruptible Power Supply (UPS) were determined vide valuation ruling No.831/2016 dated 14.04.2016. Representations were received in this Directorate General for re- determination of custom values of UPS due to change in technology and introduction of new series in various brands affect the price in the international market and since the valuation ruling is more than two years old and do not reflect the current international prices. Therefore, an exercise was initiated to determine the customs values of Uninterruptible Power Supply (UPS) afresh under Section 25A of the Customs Act, 1969 in light of prevailing international prices.

3. Stakeholder's participation in determination of Customs values: A number of stakeholders meetings were held on 31.01.2018, 14.02.2018 and 01.08.2018 in this Directorate General with importers and representatives of field formations. The importers were requested to submit the following documents before or during the course of stakeholders' meetings to help in determination of customs values: -

- 
- i. Invoices of imports during last three months showing factual value.
 - ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - iv. Copies of Sales Tax Invoices issued during last four months showing the values of supplies (excluding duty and taxes) to substantiate their contentions.

4. The representatives of Ms Power Zone, Ms Continental Establishment, Ms Mansha Brothers, Ms Best Power, Ms Pioneer System, Ms M.N. Electric, Ms AES Technologies, Ms Computer Marketing Co., Ms Makkays, besides others, appeared during the course of stakeholders meetings. Representatives of clearance collectorates also attended the meetings. During the course of meetings the importers stated that prices of UPS have decreased internationally due to commonness of technology. They further stated that new series Symmetra of Schneider and APC may be inserted in the new valuation ruling. They further contended that since some models of APC brand have been inserted in category A similarly some expensive models of other branded UPS may be also be determined accordingly. The importers of "B"& "C" categories stated that the prices of commodities worldwide have reduced, therefore, difference in customs values of those of B and C category may be rationalized. A few importers submitted import documents, invoices and other relevant

documents, however, certain importers asked for time to submit documents to substantiate their contentions but in spite of lapse of considerable time, no additional record has been furnished.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of Uninterruptible Power Supply (UPS). Transaction value method provided in Section 25(1) was found inapplicable because the requisite information was not available. Identical / similar goods value methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on as specific transaction values of the identified UPSs were not made available. Thereafter, market enquiries as envisaged under section 25(7) of the Customs Act, 1969, were conducted. The UPS of some specifications/brands were not readily available in the market; therefore, different markets were surveyed repeatedly. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the conversion costs from constituent material at the country of export were not available. Online values were also obtained. All the information so gathered was analyzed and evaluated. Keeping all the above in view, customs values of Uninterruptible Power Supply (UPS) have been determined under Section 25(9) of the Customs Act, 1969.

7. **Customs Values of Uninterruptible Power Supply (UPS) hereinafter specified,** shall be assessed to duty/taxes on the Customs values given therein. The brands which are not covered under the Ruling may please be brought into the notice of this Directorate General so that the same could be suitably incorporated in the Ruling.

22	On-Line UPS 160.1 to 200.0 KVA with batteries	8504.4010	8504.4010.3020	32136	18025	14550
<i>Note: If uninterruptible Power Supply (UPS) mentioned at serial 7 to 22 are imported without battery, 20% discount shall be allowed in the customs values as determined in the above table</i>						
Category-A Schneider APC-Symmetra series, Emerson-APM & NXR series, Eaton-PM & PR series, MGE, GE-Digital Energy series.						
Category-B APC, Emerson, Socomec, Eaton, Powerware, Masterguard, BPC, Tripplite, Riello, DELL, Infosec, Deuche Power, AEC, ABB, Orix, Infotech, Lega, Hyundai, Makelsan						
Category-C Aurora, Alberex, Saltec, PowerCom, Cyber Power, Mercury, Inform, Astronic, Enel Power, Inforise, Delta, Energen EPI, Crown Micro, Sako						

8. In cases where declared / transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account air freight while applying the Customs values determined in this Ruling.

9. **Validity of Valuation Ruling:** The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

10. **Revision of the value determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

11. The Collectors of Customs may kindly ensure that the values given in this Valuation Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of this Directorate General immediately. Customs values determined in the ruling are for the description and

specification as mentioned in the table above of this Ruling. HS Codes are mentioned for illustrative purpose so that valuation ruling values are made accessible to the assessing officers. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to importability or any other certification required thereon. In addition to this, it is further necessary to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969 or any other law in vogue therein.

12. ***This ruling supersedes Valuation Ruling No. 831/2016 dated 14.04.2016.***
