Determination of Customs Value of Pop Corn under Section 25-A of the
Customs Act, 1969.

(VALUATION RULING NO: ¹³³² / 2018)

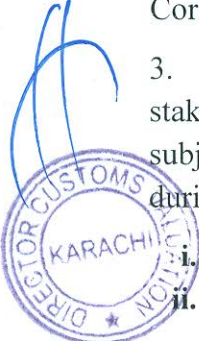

No. Misc/6/2017-I/ ¹³⁵⁶

Dated: September 28, 2018

In exercise of powers conferred under Section 25-A of the Customs Act 1969, customs values of Pop Corn are determined as follows:

2. **Background of the valuation issue:** Earlier the customs values of Pop Corn were determined vide Valuation Ruling No. 1107/2017 dated 22-03-2017. There were several representations from importers wherein they contended that customs values in the existing valuation ruling are not reflective of the prices in the international markets and therefore, need to be reviewed accordingly. Keeping in view the prevailing prices in the international markets, this Directorate General initiated an exercise for re-determination of the Customs Values of the Pop Corn in terms of Section 25-A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of Customs values:** Several meetings with stakeholders were held in this Directorate General to discuss the current international prices of the subject goods. The stakeholders were requested to submit the following documents before or during the course of the stakeholders' meetings so that customs values could be determined:

- 
- i. Invoices of imports during last three months showing factual value.
 - ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - iv. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contention.

The importers contended that the customs values in the existing Valuation Ruling are high and therefore, required revision in line with the prevailing prices in the international market. The view point of all participants was heard in detail and considered to arrive before arriving at the customs values of various brands of Pop Corn.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to address the valuation issue at hand. The transaction value method as provided in Sub-Section (1) of Section 25, was found inapplicable due to wide variation of values displayed in the import data, hence requisite information was not available to arrive at the transaction value. Identical / similar goods value method provided vide Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to determine Customs value of subject goods. This data provided some references, however, it was found that the same cannot be solely relied upon due to wide variations in

declarations. Information available was hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted market inquiries using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969 and determined customs values of Pop Corn under section 25(7) of the Customs Act, 1969.

5. **Customs values for Pop Corn:** Pop Corn *hereinafter specified* shall be assessed to duty / taxes at the following Customs Values:
