Determination of Customs Values of Printers (HS Code 8443.3220, 8443.3210, 8443.3230 & 8443.3290) Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 1337 / 2018)

No. Misc/21/2007-VII (Part-III) *11423*

Dated: October 24, 2018

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of printers are determined as follows:

2. Background of the Valuation Issue: The customs values of printers of various brands were determined under Section 25-A of the Customs Act, 1969 vide Valuation Ruling No.1222/2017 dated 10.11.2017 and 1244/2018 dated 11.01.2018. Representation were received from importers that certain new models of printers have been introduced but are not available in the Ruling, resultantly the same are being assessed and cleared at much lower values and requested to re-determine customs values of printers in line with current values available in the international market. Therefore, an exercise was initiated in terms of Section 25-A of the Customs Act, 1969 to determine customs values of printers afresh in the light of existing international market prices of different brands and models of printers.

3. Stakeholders' Participation in Determination of Customs Values: Meeting with stakeholders was scheduled on 09-08-2018 and 17-09-2018. The stakeholders were requested to furnish the following documents before or during the course of above said meetings:-

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the values of supplies (excluding duty and taxes) to substantiate their contentions.

4. During the course of stakeholders meetings, M/s. ABM Data Systems (Private) Ltd and M/s Americom Technology were of the view that the values of printers were determined comprehensively, however, they need to be revised as the new models have been introduced in the market and are being imported; in support of their views, they submitted commercial invoices and sales tax record. No documents were submitted by other importers in this Directorate General on or even after the said scheduled meetings. Numerous surveys were conducted for determination of the customs values.

5. Method Adopted to Determine Customs Values: Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of printers. Transaction value method provided in Section 25 (1) was found inapplicable because the requisite information was not available. Identical / similar goods value methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in declared values of subject goods. Thereafter, market enquiry as envisaged under section 25(7) of the Customs Act, 1969, was conducted. All the information so gathered

was evaluated and analyzed for the purpose of determination of customs values. Consequently, the Customs values of printers have been determined under Section 25(7) of the Customs Act, 1969.

6. **Customs Values for Printers:** Customs values of printers of various models are hereinafter specified in the Annexure to this valuation ruling as Table A, B, C, D and E.

7. These printers are being manufactured in different places across the globe depending on economy of scale, regional supply chain and consumption in the specific market. However, due to brand loyalty, these are usually traded on the basis of brand name and specifications; therefore, it was considered prudent to base the values on "all origins" basis in the Ruling. Furthermore, this Directorate General has endeavored to incorporate in the ruling different types and specifications of printers as being traded / imported and are currently available in the market. The printers other than the ones specified in the ruling may be assessed under section 25 of the Customs Act, 1969. Disputes arising regarding values of printers not available in this ruling, if not resolved at Collectorate level, may be forwarded to this Directorate General for suitable advice.

8. In cases where declared / transaction values are higher than the customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignment imported by air, the assessing officer shall take into account the differential between the air freight and sea freight while applying the customs values in this ruling.

9. **Validity of this Valuation Ruling:** The values determined vide this Ruling shall be the applicable customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

10. **Revision of the Value Determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

The Collectors of Customs may kindly ensure that the values given in this Valuation Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of this Directorate General immediately. Customs values determined in the ruling are for the description and specification as mentioned in this Valuation Ruling. HS Codes are mentioned for illustrative purposes so that valuation ruling values are made accessible to the assessing officers. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to importability or any other certification required thereon. In addition to this, it is further necessary to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969 or any other law in vogue therein.

12. Annexure to this valuation ruling is an essential part of this Ruling.

13. *This ruling supersedes Valuation Ruling No. No.1222/2017 dated 10.11.2017 and 1244/2018 dated 11.01.2018.*
