<u>Determination of Customs Values of Magnesium Silicate (Fruit Ripener/Ethylene Ripener)</u> <u>Under Section 25-A of the Customs Act, 1969</u>

No.Misc/19/2018-II/1871

Dated: March 25, 2019

(VALUATION RULING NO.1356/2019)

In exercise of powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Magnesium Silicate are determined as follows:

2. **Background of the Valuation Issue:** It was brought to the notice of this Directorate General that values of Magnesium Silicate (Fruit Ripener/Ethylene Ripener) are being declared to Customs at much lower values than their current international values. Verifications by this Directorate General reaffirmed this stance. Keeping in view the prevailing prices in the international markets, this Directorate General initiated an exercise for the determination of the Customs Values of the Magnesium Silicate (Fruit Ripener/Ethylene Ripener) in terms of Section 25-A of the Customs Act, 1969.

3. Stakeholders participation in determination of Customs values: Meetings with stakeholders including importers and representatives from field formations were held on 13-02-2019 and 12-03-2019 to discuss the prices of the subject goods. The importers / stakeholders were requested to submit the following documents before or during the course of stakeholders meeting that customs values could be determined:

i. Invoices of imports during last three months showing customs value.

ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.

iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.

iv. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

- 4. During the meetings, the stakeholders stated that usage of magnesium silicate was introduced in Pakistan 3 to 4 years back which replaced the old practice of using Calcium Carbide as food ripening agent. Magnesium silicate is imported into Pakistan in two forms; firstly, finished form in sachet packing and secondly in bulk form. Magnesium Silicate imported in drum packaging bear additional cost of packaging with additional labour cost. Some of the stakeholders also produced substantial supporting documents in support of their contentions. The view point of all participants was heard in detail and considered to arrive at Customs values of the subject goods.
- 5. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to arrive at customs

values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to wide variation of values displayed in the import data. Thereafter, identical / similar goods value method as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case. The wide variations in declarations were observed. Information available was hence, found inappropriate. In line with the statutory sequential order of Section 25, this office conducted market inquiries under Sub-Section (7) of Section 25 of the Customs Act, 1969. During the market survey it was observed that Magnesium Silicate (Fruit Ripener/Ethylene Ripener) is being sold in uniform sachets. Resultantly, Customs values of Magnesium Silicate (Fruit Ripener/Ethylene Ripener) have been determined under section 25 (7) of the Customs Act, 1969.

6. Customs values for Magnesium Silicate (Fruit Ripener/Ethylene Ripener) hereinafter specified shall be assessed to duty / taxes at the following Customs Values:

S. No.	Description of goods	Origin	PCT	Proposed PCT for WeBOC	Customs Values (C&F) US\$/Kg

J-1 1 1	Magnesium Silicate (Ethylene Ripener) in sachet packing	China	3824.9999	3824.9999.2000	3.85

- 7. In cases where declared/transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values in this Ruling.
- 8. Validity of this Valuation Ruling: The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.
- 9. **Revision of the value determined vide this Valuation Ruling**: A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.
