**Determination of Customs Values of Polyester Filament Yarn under
Section 25-A of the Customs Act, 1969**

(VALUATION RULING NO. 136²/2019)

No. Misc/25/2013-IV

1963

Dated: April 25th, 2019

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Polyester filament yarn are determined as follows: -

2. **Background of the valuation issue:** Earlier the customs values of the polyester filament yarn were determined vide Valuation Ruling No. 1355/2019 dated 15.03.2019. Aggrieved with the valuation ruling several review petitions under Section 25D of the Customs Act, 1969 were filed before the Director General of Customs Valuation, Karachi by the importers/members of Pakistan Yarn Merchants Association (PYMA). The Director General vide Order-in-Revision No.01/2019 dated 10-04-2019 remanded back the case to the Director Customs Valuation, Karachi with directions that data of basic raw materials i.e. Pure Terephthalic Acid (PTA) and Mono Ethylene Glycol (MEG) for polyester filament yarn may be taken for the months of January to March 2019 for determination of customs values of subject items. In compliance of the Order-In-Revision mentioned above, an exercise was initiated for re-determination of customs values of the polyester filament yarn in terms of Section 25-A of the Customs Act, 1969 accordingly.

3. **Stakeholders' participation in determination of Customs values:** A meeting with different stakeholders including Pakistan Yarn Merchants Association (PYMA), Karachi was held. The issues pertaining to the valuation of subject goods were deliberated upon in detail.

4. **Method adopted to determine Customs values:** It is pertinent to mention here that the values of Polyester Filament Yarn had been determined by this Directorate General taking into consideration the import clearance data of the two major constituent raw materials of subject good i.e. P.T.A and M.E.G. The import clearance data for last three months was obtained from PRAL and data of locally manufactured P.T.A was obtained from its local manufacturers i.e. M/s Lotte Pakistan (Pvt.) Limited. Thereafter the calculation was done by the Directorate General to arrive at weighted average value of P.T.A. The weighted average value of P.T.A and M.E.G so determined was applied to the formula prescribed and circulated by the Board vide C.No.3 (20)/TAR-I/90-Yarn, dated 07.04.2005 to determine the customs value of Polyester Filament Yarn. On the basis of data/information collected and

exercise conducted as per above detailed formula prescribed by the Board, the values of Polyester Filament Yarn have been determined by using Fall Back Method under sub-Section (9) of the Section 25 of the Customs Act, 1969.

5. **Customs values for Polyester Filament Yarn:** Polyester Filament Yarn of different specifications *hereinafter specified* shall be assessed to duty / taxes at the following Customs Values:-
