Determination of Customs Values of PVC Trunking Duct Patti Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 1412 / 2019)

No. Misc /6/2015-II

Dated: 01 -11-2019

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of PVC Trunking Duct Patti are determined as follows:-

2. **Background of the valuation issue:** Customs values of aforementioned items were earlier determined through Valuation Ruling No. 742/2015 dated 04-06-2015. The values given in the valuation ruling, being more than four years old, needed re-determination. Moreover, the Federal Board of Revenue vide CGO 15/2019 & CGO 17/2019 dated 13-09-2019 and 19-09-2019 respectively changed the Unit of Measurement (UOM) of a number of PCT codes, including one falling under said valuation ruling, for assessment purpose. This necessitated re-determination of customs values to bring it in conformity with the said CGOs. This Directorate General, therefore, initiated an exercise for re-determination of the Customs Values of subject items.

3. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders, including the importers and the representatives from the field formations, was held on 17.10.2019 in this Directorate General to discuss the issue of valuation of the subject goods. The stakeholders were also requested through meeting letter to furnish the following documents before or during the course of above said meetings: However, no one attended the meeting.

- i. Invoices of imports during last three months showing factual value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to wide variations of values

displayed in the import data. Thereafter, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case. The wide variations in declarations were observed. Information available was hence, found inappropriate. In line with the statutory sequential order of Section 25, this office conducted market inquiries under Sub-Section (7) of Section 25 of the Customs Act, 1969. Resultantly, Customs values of PVC Trunking Duct Patti have been determined under section 25 (7) of the Customs Act, 1969 accordingly.

5. Customs values for PVC Trunking Duct Patti herein after specified shall be assessed to duty /taxes at the following Customs Values:

S.No	Description of goods	PCT	Proposed PCT for WEOC	Origin	Custom Values(C&F) USS/ Unit/Pc
(1)	(2)	(3)	(4)	(5)	(6)
