**DETERMINATION OF CUSTOMS VALUE OF FRESH DATES UNDER
SECTION 25A OF THE CUSTOMS ACT, 1969.**

(VALUATION RULING NO. ¹⁸²⁶ / 2022)

No. Misc/03/2011-I/339.

Dated: 01-04-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969 Customs value of Fresh Dates are determined as follows:-

2- **Background of the valuation issue:** Earlier, the customs value of Fresh Dates was determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1133/2017 dated 18-04-2017. The Valuation Ruling was approximately five (05) years old. Quetta Chamber of Commerce and Industry (QCCI) and Sarhad Chamber of Commerce and Industry filed representations before the FBR. A meeting was held on 09-02-2022 in FBR headquarters which was chaired by the Chairman FBR and attended by Member (Customs-Policy), Director General Customs Valuation and other participants including the representatives of both the chambers. Keeping in view difference between freight from land and sea routes, quality of goods and other socio-economic factors, the Board forwarded a record note NO. 8(1) SS (VAL & AUDIT) 2022, dated 28-02-2022. Accordingly, an exercise was undertaken by the Directorate General of Customs Valuation to determine afresh the Customs Values of subject goods in terms of Section 25A of Customs Act, 1969.

3- **Stakeholders' participation in determination of Customs values:** Meeting was held on 17-02-2022 with the stakeholders of subject goods. The stakeholders contended that the existing customs values are on higher side. It was further contended by the stakeholders that due to covid-19, Umra and Hajj was stopped to international pilgrims. Furthermore, there was bumper crop of subject goods in the exporting countries which resulted in decrease in the prices. It was also highlighted that subject goods are consumer goods having limited shelf life and are sold in frequency at the local retail and commercial level. The importers requested that such factors may be considered while determining value of the subject goods. The stakeholders were requested to submit the relevant import documents.

4- **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because requisite information was not available as per law. The wide variation of values displayed in the import

data as available on record also strengthened the aforementioned fact. Hence requisite information under law was not available to arrive at the transaction value. Therefore, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 *ibid* were examined for applicability to the valuation issue in the instant case. The same provided some reference values but could not be exclusively and solely relied upon. In line with the statutory sequential order of Section 25, this office conducted market inquiries under sub-Section (7) of section 25 of the Customs Act, 1969 however, this method of valuation could not be exclusively relied upon. Therefore, valuation method vide Section 25(8) was examined for valuation but the same also could not be applied as conversion cost from the constituent material and allied expenses, at the country of export were not available for manufacturing of the subject goods. Finally, clearance data, market information and international prices through internet were examined thoroughly and the information so gathered were utilized and analyzed for determination of customs values of the subject goods under Section 25 (9) of the Customs Act, 1969.
