**DETERMINATION OF CUSTOMS VALUES OF LATEX RUBBER THREADS  
UNDER SECTION 25A OF THE CUSTOMS ACT, 1969**

**(VALUATION RULING NO. 1822 /2023)**

C.No.Misc/54/2011-III/972

Dated: 27-10-2023

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Latex Rubber Threads are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of Latex Rubber Threads were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1633/2022 dated 18-04-2022. However, representations were received from different stakeholders to re-determine the values afresh in line with the prevailing international prices. Moreover, The Honorable Federal Tax Ombudsman, in Complaint No.FTO-4093/CUST/2023 directed Directorate General of Customs Valuation, Karachi to dispose of the complainant's request for a review of VR No.1633/2022 dated 18-04-2022 and to provide a fair opportunity of hearing. Therefore, an exercise has been undertaken by this Directorate to determine the same.

3. **Stakeholders' participation in determination of Customs values.** Meetings were convened on 17.08.2023, 28.08.2023, 02.10.2023 and 17.10.2023 and were attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings. The stakeholders contended that the prices of the said items have shown downwards trend and requested to rationalize the Customs Values in line with the prevalent international trends. They submitted their proposals for consideration and the same were considered pertaining to the valuation of subject goods.

4. **Analysis / Exercise done to determine Customs Values:** Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Moreover, the international prices of basic raw materials of Latex Rubber Threads were also obtained and analyzed.

5. **Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to wide variation of values in import data. Moreover, the requisite information under law was not available to arrive at correct transaction value. Therefore, identical goods value method provided in Section 25(5) *ibid* was examined for applicability to determine Customs values of subject goods. The data provided some references; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of quantities and qualities and variation in declaration. Then similar goods value method provided in Section 25(6) *ibid* was examined for applicability to determine Customs values of subject goods. The data provided some references; however, it was found that the same could also not be solely relied upon due to afore-stated reasons. In line with statutory sequential order of Section 25 of the Customs Act, 1969, this Directorate conducted market survey under sub-section (7) of Section 25 of the Customs Act, 1969. However, the item was not readily available in the market. Valuation method provided vide section 25(8) of the Customs Act, 1969, could also not be applied as the conversion cost from constituent materials and allied expenses at country of export were not available. Therefore, on the basis of available data / information collected and exercise conducted, the values of Latex Rubber Threads have been determined under Section 25(9), read with sub-section 25(6), of Section 25 of the Customs Act, 1969.

6. **Customs values of Latex Rubber Threads -** Latex Rubber Threads hereinafter specified, shall be assessed to duty/taxes at the Customs values as per the following table:
