DETERMINATION OF CUSTOMS VALUES OF COFFEE IN RETAIL PACKING
(PCT CODE: 2101.1120) UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1854 /2024)

C.No. Misc/18/2013-I/146

Dated: 20-02-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Coffee in retail packing are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of Coffee in retail packing were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1691/2022 dated 24-08-2022. Several representations were received from importers including M/s General Foods Corporation wherein they stated that the Customs values determined in the existing valuation ruling are not reflective of prevailing international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.

3. **Stakeholders' participation in determination of Customs values:** Meetings were convened on 16-11-2023 & 07-12-2023 which were attended by the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings. They requested to determine the Customs values afresh in accordance with the trend of values in the international market as the values have been declined considerably.

4. **Analysis / Exercise done to determine Customs Values:** Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Moreover, import data of Coffee in retail packing for past two financial years was compared with data of Afghan Transit Trade for the same period. After analysis, it has transpired that the total import value of Coffee in retail packing imported into Pakistan decreased from Rs.1065 Millions to Rs. 849 Millions (20% decrease) from FY 2021-22 to FY 2022-23 while, for Afghanistan, total import value under Transit trade substantively increased from Rs.66 Millions to Rs.312 Millions (372% increase) during the same period.

5. **Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, are duly considered in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. However, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidences of quantities and qualities. Information available was, hence, found incomplete. Subsequently, similar goods value method provided in Section 25(6) was also examined for applicability to determine Customs values of subject goods and was not considered (for application) due to afore-stated reasons. Moreover, Declared Values (DV) of similar goods had showed consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted but could yield results to some extent because of variation in market prices. In line with statutory sequential order of Section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from the constituent materials and allied expenses, in the country of export, were not available for manufacturing of Coffee in retail packing. Finally, the Customs values of the subject goods have been determined under Section 25(9) read with Section 25(7) and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Act may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.

6. **Customs values of Coffee in retail packing:** Coffee in retail packing, shall be assessed to duty / taxes at the Customs values as per following Table:
