DETERMINATION OF CUSTOMS VALUES OF SCENT AND SIMILAR TOILET SPRAYS AND MOUNT HEAD THEREOF(EMPTY SPRAYERS/ATOMIZER MADE OF PLASTIC) UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1890 /2024)

C.No.Misc/20/2017-18/IX/577

Dated: 04-06-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Scent and Similar Toilet Sprays and Mount Head thereof (Empty Sprayers/Atomizer Made of Plastic) are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of Scent and Similar Toilet Sprays and Mount Head thereof (Empty Sprayers/Atomizer Made of Plastic) were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1254/2018 dated 31-01-2018. As the prices of the said goods have changed in the international market during the past two years, this Directorate initiated an exercise for fresh determination of Customs Value of subject goods under Section25A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of Customs values:** Meeting was convened on 05.03.2024 which was attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meeting. The stakeholders submitted their proposals and the same were considered pertaining to the valuation of subject goods.

4. **Analysis / Exercise done to determine Customs Values:** The importers contended that the Customs values of Chinese origin Scent and Similar Toilet Sprays and Mount Head thereof (Empty Sprayers/Atomizer made of Plastic) in the Valuation Ruling No.1254/2018 dated 21-01-2018 need to be revised according to prevailing international prices They requested to consider the downward trend in prices of raw materials as compared to prices at time of issuance of Valuation Ruling No.1254/2018 dated 21-01-2018. An analysis of trends in import of item was conducted which suggested that the import value of the items after issuance of previous VR increased by 49.8% during the period 22-08-2018 to 21-08-2020. As per current data, import volume of impugned items is Rs. 480.27 (millions) in duty / Taxes collected thereon on are Rs. 379.89 (million). Thereafter an analysis of raw materials was conducted which revealed that the prices of raw materials has increased over the past five years, market inquiry has been conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25 (7) read with Section

25(9) of the Customs Act, 1969. The market inquiry suggested that there has been no significant decrease in the value of Scent and Similar Toilet Sprays and Mount Head thereof (Empty Sprayers/Atomizer Made of Plastic). Hence, owing to increase in import volume and exchange rate since the issuance of previous VR as well as the increase in freight, it was deduced that the value of Scent and Similar Toilet Sprays and Mount Head Thereof (Empty Sprayers/Atomizer Made of Plastic) has increased.

5. **Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of the subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. The data provided some reference; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidences of quantities and qualities. Information available was, hence, found incomplete. Subsequently, similar goods value method provided in Section 25(6) was examined for applicability to determine Customs value of subject goods. However, Declared Values of similar goods had shown consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted but could only yield results to some extent because of variations in market prices. In line with statutory sequential order of section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from the constituent materials and allied expenses, in the country of export, were not available for manufacturing of Scent and Similar Toilet Sprays and Mount Head thereof (Empty Sprayers/Atomizer Made of Plastic). Finally, the Customs values of the subject goods have been determined under Section 25(9), read with Section 25(7), and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Customs Act, 1969 may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.

6. **Customs values of Scent And Similar Toilet Sprays and Mount Head Thereof (Empty Sprayers/Atomizer Made of Plastic):** Scent and Similar Toilet Sprays and Mount Head Thereof (Empty Sprayers/Atomizer Made of Plastic) hereinafter specified, shall be assessed to duty / taxes at the Customs values as per the following table:-
